

A screenshot of a Kali Linux desktop environment. At the top is a dark blue header bar with various icons for system functions like volume, brightness, and network. The main window is a terminal window titled '(kali㉿shreya)-[~]'. It displays the command '\$ nmap -sn 127.0.0.1' followed by the output of an Nmap scan for localhost. The background of the desktop is a dark, abstract image of a mechanical or robotic arm.

```
